

Great Barrier Reef Marine Institute

Client: Dept of Education, Training & Employment (Tropical NQ Institute of TAFE)

Location: Cairns

Scope:

This refurbishment consisted of re-arranging internal space by installing (and painting) new walls, partitions and doors. Specific attention was then given to the Simulator Training Room and Lunch Rooms.

For the Simulator Training Room, a $\frac{3}{4}$ height aluminium glazed partition with supports was installed. The clients existing white board & screens were relocated, the ceiling mounted projector was adjusted to suit the new layout, and roller blinds with 100% block out fabric were installed.

The Lunch Room required new joinery (cabinets, laminated splashback, pull out bin, vent for Zip water heater) and hydraulics comprising of a new sink, the Zip unit and tapware.
