

# Cairns Base Hospital Level 4 Executive Offices

**Client:** Queensland Health

**Location:** Cairns

## **Scope:**

This project comprised a complete refurbishment of the Executive Offices and Boardroom in the West Wing of “A” Block Level 4, Cairns Base Hospital.

For the comfort of the executives, room layouts were created to make efficient use of space within the training suite environment. Zip Hydrotaps and water chillers were provided for the convenience of patrons, the kitchenette and joinery units were revamped with new linings and fixtures. Key service elements such as air conditioning and security were modified / installed to create safe pleasant working and meeting room atmospheres.

Attention to detail while repairing and refinishing existing fixtures – plus the addition of new blinds, flooring, joinery and furnishings – added to the overall smartness and functionality of the stylishly revamped executive wing.
